

Petition to Amend the Rabies Laws in the State of Your State

Petition summary and background:	<p>Please sign this Petition to Amend the Rabies Law!</p> <p>A simple blood test called a Titer measures immunity. If the pet already has immunity it does not need a rabies booster vaccine. The current Rabies law forces veterinarians and pet owners to re-vaccinate for rabies even if the pet has immunity. This puts the pets at risk for vaccine reactions including death for no medical reason! This is causing non-compliance and a public health hazard! By signing this petition you show support to Amend the Rabies law to reflect current science, improve public health and Protect the Pets!</p> <p>Dr. John Robb, DVM, “Doc” Signatures voluntarily collected by _____</p>	
Action petitioned for	<p>We, the undersigned, are concerned citizens who urge our leaders to act now to amend the Rabies Law for which we are petitioning</p> <p>Titer indicates signer has participated in a titer test in support of this petition and understand that it is not yet legal proof of immunity.</p>	

Date 2017	Print Name	Signature	Address	Email	Titer if checked
